

OPERATIONAL & MAINTENANCE COST FOR THE FACILITIES

For Implementation of the Joint Research Project

between

Khon Kaen University (KKU)

and

Japan International Research Center for Agricultural Sciences (JIRCAS)

The joint research entitled, "Farm management for sustainable agriculture project" has been conducted since 2000, according to the Memorandum of Understanding between Khon Kaen University (KKU) and Japan International Research Center for Agricultural Sciences (JIRCAS).

Pursuant to the regulations of Faculty of Agriculture KKU, KKU and JIRCAS have agreed that JIRCAS contribute 41,900 baht/year to cover the office maintenance cost to the Faculty of Agriculture in KKU where the project has been conducted, in order to implement the project smoothly.
